

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I hate what you have done to the Howard Stern fans, now you are focusing on cell phone users. Don't you care what you do? I hope Micheal Powell get a brand new cancer, one that has no cure. I hope this cancer is extreemly painfull. I hope he has an extreemly long. and painfull life.

Your department is a government department. By the constitution of this counrty, your department is of the people, for the people and by the people, not of corporation, by the corporation, for the corporation.

we the people are sick and tired of our goverment forgrtting us, in fgavor of big dollar campian contrubution corporations.

The flat-fee Universal Service Fund proposal is unfair. I urge you to oppose this plan. I am one of the millions of consumers that will be unfairly taxed at a higher rate under the flat fee plan. The flat-fee would mean a tax hike for people like me -- consumers that use prepaid cellular phones or make few long distance calls.

I support the Keep USF Fair Coalition, and monitor this issue on their website. Stopping the flat fee tax is important to my family - not to mention my pocket book. You will hear from me again, until this issue is resolved fairly! The flat-fee is unfair, and un-American.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as high-volume residential or business customers. I urge you to reject this flat-fee proposal.
Thank you.

cc: FCC Chair Kevin Martin, Congress

Sincerely,

Marty Ontkos
